

# HANNAH FOLK

---

Los Angeles, CA | (510) 557-5843 | hfolk25@gmail.com

## EXPERIENCE

---

### Trilogy Education

March 2020 – Present

#### *Tutor*

- Tutor around 10 to 20 students a week on full stack web development
- Teach on a gradient so that each student knows the foundational topics before moving onto the next one, resulting in more students who are better prepared to be software engineers
- Organize a roster of students and working with each one individually to schedule appointments that work for them and me so that we can tackle any challenges they may be having with the course

### Spokeo

March 2020 – Present

#### *Chrome Extension Developer*

- Created a Chrome Extension for Spokeo that scans a website for names, phone numbers, emails, and addresses, generating links to spokeo.com with those entities as the search terms
- Connected the front and backends with Axios, React, and Express
- Oversaw the deployment of the Chrome Extension

### Crypto Panel

Jan 2020

#### *Web Developer*

- Used MVC structure to create a full stack application for fintech analysts
- Connected the API and created controllers for the application
- Oversaw the deployment of the application

### Horizon Media

Oct 2019 – Nov 2019

#### *Web Developer*

- Programmed a full stack application that finds box office data for STX Entertainment
- Created the backend using node and express
- Connected the OpusData API to our application

### Warner Bros. Studio Tour Hollywood

June 2019 – Present

#### *Tour Guide*

- Conduct tours of Warner Bros. studio lot, highlighting the company's history while connecting to modern-day productions, resulting in guests' better understanding of a working entertainment studio

## EDUCATION

---

### University of California, San Diego

June 2019

- *Bachelor of Science: Joint Mathematics and Economics*
- *Bachelor of Arts: Theatre*
- *Phi Beta Kappa, GPA: 3.78*
